Title: Discovery of the Tomb

Author: Tavera Sewel

Day Nineteen - Day
Twenty-One:
The barricade won't hold
- never, and they'll come,
they come even now. I
would tear the last of it
down, let them in to
devour us all, if only to
stop the screaming - the
awful, wailing cries that
fill the tomb with their
presence. May my
ancestors forgive me, but
it must be done. I must
end this.
